PROFILE

Web Developer with a Bachelor's degree in Information Technology, specializing in Software Engineering, with hands-on experience in Frontend and Backend development using PHP/Laravel and ReactJS. Experienced in building and deploying Landing Pages, websites, RESTful APIs, event registration systems, guest management systems, and QR Check-in solutions for real-world business operations.

Able to work across the development lifecycle, including requirements analysis, feature development, API integration, data handling, testing, debugging, deployment, maintenance, and system operation. Currently focusing on developing deeper expertise in Backend development with Laravel/PHP, while maintaining strong Frontend and Database fundamentals.

EDUCATION

NHA TRANG UNIVERSITY

2021 – 2025 | Nha Trang, Vietnam

Bachelor of Information Technology – Software Engineering

EXPERIENCE

GTO MEDIA JOINT STOCK COMPANY

06/2026 – Present | Nha Trang, Vietnam

Web Developer & Event Technical Specialist

- Directly develop Landing Pages for company programs and events.
- Upgrade and maintain company websites, handling Frontend, Backend, APIs, and data.
- Build an event registration and guest management system, digitizing attendee information intake.
- Develop a QR Check-in system, establishing registration flows, QR code generation, and verification.
- Provide on-site technical support at events, troubleshooting system and hardware issues.

Tech: PHP · Laravel · ReactJS · JavaScript · MySQL · RESTful API

SWEETSOFT JOINT STOCK COMPANY

10/2025 – 12/2025 | Nha Trang, Vietnam

Frontend Developer Trainee

- Developed Web interfaces using ReactJS, converting templates into responsive layouts for Desktop, Tablet, and Mobile.
- Built reusable UI components to improve consistency and maintainability across screens.
- Integrated RESTful APIs, processed Backend data, and implemented corresponding Frontend interfaces.
- Performed testing, debugging, and troubleshooting throughout the development process.

Tech: ReactJS · JavaScript · HTML5 · CSS3 · RESTful API

SWEETSOFT JOINT STOCK COMPANY

12/2024 – 01/2025 | Nha Trang, Vietnam

Frontend Developer Intern

- Developed Frontend interfaces for a system supporting technical request management and processing.
- Built management pages and integrated APIs for communication between Frontend and Backend.
- Performed functional testing, debugging, and resolved interface-related issues.

Tech: HTML5 · CSS3 · JavaScript · C# · .NET

PROJECTS

LINKSNAP — URL SHORTENER & BIO PAGE

03/2026 – 04/2026 | Nha Trang, Vietnam

Full-stack Developer

- Independently developed the Backend using Laravel/PHP, implementing URL shortening, management, and retrieval logic.
- Implemented Custom Slug, Password Protection, and QR Code functionality for individual URLs.
- Developed an Analytics Dashboard to track traffic, IP addresses, and visitor devices.
- Integrated Google OAuth for user authentication.
- Designed and optimized the MySQL database for data storage and retrieval.
- Structured the application using Laravel MVC Architecture for maintainability and clear separation of responsibilities.

Tech: Laravel 13 · PHP 8.3 · MySQL · JavaScript · Tailwind CSS
